

What Our Clients Say...

"Our office needed a solution for Medical Billing and Insurance Follow-up. We chose Total Healthcare Billing because they are reliable, familiar with our clinic specialty and understand how our office functions."

"Their billing solution is unique because they are knowledgeable, experienced and stay up to date on changes in healthcare laws and insurance rules."

"Our experience with Total Healthcare Billing reassures us that we are doing the best for our business and our patients."

Who Are We?

Total Healthcare Billing, LLC employs a team of medical billing professionals who are experts with small medical practices, solo physicians, independent medical practices, physician groups, hospital owned physician practices and medical clinics.

We take the worry of navigating the ever-changing healthcare puzzle, to allow providers time to focus on patient care and build lasting relationships.

Why should you consider us as your medical billing outsourcing solution?

Did you know that you may currently be collecting only a fraction of your revenue?

It may seem that if you are receiving payments on a regular basis from patients and payers that there are no issues with your cash flow. We will show you the best way to maximize your revenue.

Why Choose Us?

Collect every penny that is owed to you from both your patients and insurance payers"

Total Healthcare Billing, LLC is your one stop solution for medical billing and office management needs. We have a proven track records of delivering successful results to our clients.
